

# **LEGISLATIVE BULLETIN**

December 14, 2021

## **Legislative Committee are considering recommendations for LAGC sponsored bills:**

### **Public Bid Law:**

- Define calendar day in definitions, this pertains to the bid process and not actual work
- Shorten from 14 days to 7 days the time period when a bidder may request bid results from owner
- Language that will provide a clearer understanding on the limit that a public owner can require a bidder to submit with their bid
- Time period requiring the owner to notify the apparent low bidder, 24 hours
- Requirement that plan-changes/change orders be written and approved in 30 days

### **Final Judgements:**

- AGC to introduce legislation that would require a public owner to pay final judgements

### **Subcontractor/Surety**

- AGC to introduce legislation that would solve the opening subcontractors now have as a result of Glencoe

### **Other Legislation that AGC will be involved:**

#### **Licensing Board License Requirement for Joint Ventures**

- Put into law that as long as all parties of the JV are properly licensed there is no need for an additional license, whether the JV forms a separate LLC, LLP, Corporation, Partnership, etc.

### **Support State Collection of Local Sales Tax:**

- Seek additional horizontal and vertical infrastructure funding from the proposed \$1 billion surplus.
